

Data Processing

Hampton Primary Partnership is committed to its responsibilities around Data Protection, particularly the new GDPR legislation. We will never share your details with 3rd parties unless it our requirement to do so under the Education Act or to facilitate the education and assessment of your child.

GDPR put specific guidelines in place relating to the distribution of marketing materials. From time to time, 3rd parties approach our school with products, services or offers which may be of interest to you. Our school receives a modest contribution in return for us contacting directly with these offers. Examples of this include the advertising we include as part of Newsnotes, and most recently, inviting parents and children to be part of the film shoot in Hampton Junior School. Note – we will never pass your details directly to these companies. Please tick the statement below to confirm you wish to opt in to marketing communications. If not, you will receive Newsnotes as normal but without the advertising.

I agree to receive marketing communications from Hampton Junior School

Friends of Hampton Junior School is a separate organisation to our school. Our school actively promotes family events organised by Friends such as our popular Fireworks evening, Summer Fete and West-end Theatre visits. Please tick the statement below to confirm you wish to opt in to keep informed of upcoming Friends events. We can't include you in these communications if you do not agree – equally, we do not want you to miss out on opportunities to buy tickets for our most popular events.

I agree to receive marketing communications relating of Friends of Hampton Junior School events
