

## **Key Stage 2 Results and Progress 2019**

1. The percentage of Year 6 children achieving expectation compared to the national result.
2. The average scaled score which children achieved, where 100 is the national expectation.

- The attainment percentage for all the core subjects are above the national average.
- Reading, both at national expectation and the higher score, are significantly above the national average.
- The progress from KS1 shows a positive figure in all three of the core areas.
- The percentage of children reaching the expected standard for Maths and GPS is significantly high which demonstrates the priority from the previous year's school development plan.
