

Aspiration Days- **Wednesday 1st, Thursday 2nd and Friday 3rd July 2026**

As a successful partnership, we aspire to ensure that all pupils **'be the best that they can be'** and in doing so provide them with many opportunities as they progress through the schools. We have high expectations for all our students and want them to develop into successful individuals who have a passion for life and learning. That passion is often more powerful when they have clear aspirations and goals for themselves.

During our **Aspiration days**, we would like to provide all pupils with a chance to reflect on their own goals and, in doing so, raise their awareness of future opportunities.

Parents, we need you!

As part of this process we would like to enlighten the pupils' understanding of the huge variety of careers that are currently available today. For this to be successful, we would like to invite parents in to talk to classes, or groups of children, about their careers, qualifications and what their jobs entail. We envisage that this will be a short presentation which the school will provide a number of suggested talking points. This activity will occur across the 3 days (**Wednesday 1st July, Thursday 2nd July and Friday 3rd July**) so we hope that parents will be able to give up a short amount of time to support this initiative.

Initially, if you feel that you are able to come into school and share your experiences with some of the children please complete this [eForm](#). Please note, the presentation could be at either / or both schools. Following this, a member of the executive leadership team will contact you to discuss next steps.

If you have any questions, please contact us via the school office.

Thank you for your support,
Kind regards
Mr James and Mrs Gale
