HPP Governors' Update: Summer 2026

Message from Polly Davies - Chair of the Governing Board

At the end of this busy Summer term, I am pleased to share an update with HPP families on behalf of HPP Governors.
Some Governor highlights from this term include:

- A full packed agenda of committee meetings where we received really engaging presentations from the RSE and PSHE leads at HISN and HJS, which underlined HPP's commitment to quality first teaching.
- We scrutinised and approved the three year budget for HPP, as well as considering reports and updates from HPP about subjects including behaviour, attendance, safeguarding, and health and safety
- We held a Strategy Day where we considered on how we operate as a Governing Board and how best to fulfil our responsibilities in the future;
- Undertaking the annual Parents and Carers Survey, which provides tremendously useful perspectives on HPP. The survey results reflects very positively on parents and carers view of HPP, and your children's experience at school (more on this next week!);
- Conducting a consultation on school hours (more on this below); and
- Attending some fantastic school events, including sports days, the school fair, SATs exams, and the welcome event for Early Years parents.

Last night we had our final Full Governing Board meetings of the academic year, where amongst other things we considered the results of the consultation on school hours. We are pleased to confirm that following that process, and having considered the feedback, the Governors unanimously agreed and ratified the proposal to change the school hours. There are more details in relation to this in a letter from Governors which can be found **here**.
We wish all HPP families a wonderful summer break, and look forward to continuing to support HPP to be the best it can be in 2026/2027.
