

HEALTHY EATING AT SCHOOL WE ARE A NUT AWARE SCHOOL

Break Time

Children are allowed fruit or vegetables. The fruit can be fresh or dried but not coated in chocolate or yoghurt. “Granola” type bars often contain large amounts of additional sugars and as such are not a good choice for a snack. Fresh fruit is available to buy every morning break in the front playground for 10p or 20p.

Hot School Meals

As you may be aware, the Mayor of London has proposed to provide free school lunches for all KS2 pupils for the coming academic year. This proposal has not been fully confirmed for schools yet but we are looking at the impact and the possible uptake of these free meals. All pupils currently in year 2 to year 5 will have received an eform to indicate their preference or you may click here <https://forms.gle/voVPBrofHki23ouN7>. Please complete this to help us plan for our lunchtime next year.

Following the introduction of Universal Free School Meals for infant schools, we strongly encourage you to continue school meals for your child. It is widely accepted that a balanced nutritious meal at lunch time helps children concentrate properly and learn effectively. This helps their behaviour, learning and achievement during the school day.

The hot school meal menu is carefully put together and monitored to ensure children have access to a balanced, nutritious meal and we currently serve more than half the children in school. The school meals are cooked freshly every day and include a two course hot meal and access to the salad and fruit bar. The meals are good quality from fresh ingredients and we have worked with our cook to ensure portion size is appropriate. Sometimes they include items which your child may be unfamiliar with but they are encouraged to try everything e.g. beetroot and peppers.

Information on payment for school meals can be found in this pack.

Healthy Packed Lunch

If you decide to send your child with a packed lunch they will need a named lunchbox; **no carrier bags please**.

Lunchboxes are placed on the year group trolleys in the dining room every morning and need to be collected and taken back to class after lunch.

A balanced and nutritious lunch should contain four elements:

- Starchy foods: These are bread, rice, potatoes and pasta, and others.
- Protein foods: These are meat, fish, eggs, beans and others.
- A dairy item: This could be cheese or yoghurt.
- Vegetables or salad, and a portion of fruit.

Please do not include sweets, fast food, chocolate bars, fizzy drinks or canned drinks or **any** nut products in your child's lunch.

Please see the **HJS Suggestions for a healthy packed lunch** (grid overleaf) to ensure a healthy, balanced and nutritious lunchtime for your child.

One week's written notice is required to stop/start school meals. This can be done by emailing the school office.

Birthday Celebrations

Due to the high numbers of children with food allergies, we ask that children do not bring in edible gifts such as cake or sweets on their birthday. If you would like to share a gift then a small item such as a pencil or rubber is more suitable.
