

Tuesday 18th May 2021

Dear Parent or Carer,

We hope you are well and your child has settled well into their final term at HJS!

At Hampton Primary Partnership, we seek help and advice from the Children's Wellbeing Team and, as part of this package, we have organised a Year 6 transition programme to commence during the second part of the Summer term. This means that from the 9th of June, each class will receive three, 45-minute sessions, led by a specialist Children's Wellbeing Practitioner – Kathy Burnett. These sessions will focus on tips and strategies to help your child manage any worries related to transition and provide an open forum to talk about the transition process, focusing on problem-solving any perceived challenges.

If you have any questions further questions, please do not hesitate to get in touch via office.hjs@hpp.school or talk to your child's class teacher directly.

Yours sincerely,

Melissa Talbot
