

A Quick Guide to Hampton Infant School and Nursery Association (HISNA)

Hello, and Welcome to the school, and HISNA (the school's Parent Teachers' Association)

This short guide has been written to help you better understand a few things that go on in our school, outside of the normal school lessons and activities.

HISNA run a number of events during the school year. All the money we raise goes directly back to our children by providing the school with the funds to buy additional resources that enrich our children's learning. The school have made, and continue to make great improvements to the school playground to which HISNA has contributed.

In January 2020 HISNA funded the complete replacement of the reading books in order to introduce a more fluid reading scheme that will continue with them into the Junior School. HISNA has also funded or contributed towards the following:

- * Early Years seating furniture
- * Workshops; Robotics, Singing Hands, Explorer, Science Week and Arts week (across the school)
- * World Book Week Reading Cafe
- * Christmas shopping event
- * Children's' Christmas parties
- * Easter Egg Hunt
- * Living Eggs
- * Year 2 celebrations/leaving party
- * Balance Bikes

HISNA also helps to provide a social framework for you as parents to meet other parents and integrate into the school and its goings on.

Please look out for our HISNA Newsletter which is emailed out every half term. It will keep you up to date on all our news and up coming events. You can also join the Hampton Infants Facebook page, just search for 'Hampton Infants Parents' and request to join. Please do also follow our joint Twitter account run in conjunction with the Hampton Junior School – 'Hampton Primary Partnership'.

If there is anything you need to know, please contact your Class Rep (list below) or the Chairs of HISNA, Kate Nell/Louisa Todd on contacthisna@gmail.com

Class Reps:

Each class will have a minimum of two Reps that will be the link between the parents and the class. They can be there for you to ask questions if you need to. The Reps will make themselves known to you and are likely to ask for your contact details for social events and reminders of school events.

It is really helpful if you are willing to give your details as it means you won't miss out on important events and social occasions.
