

Tuesday 19th December 2023

Dear parents and carers,

Year 3 Homework expectations

We would like to remind you that our school homework policy states that children are expected to read, practise their spellings and complete some maths homework 5 times per week. To record that this has been completed, their home-school diaries need to be ticked off and signed by an adult at home. Please see below for where this should happen.

 **Week's Beginning:** _____

Weekly Learning Support Page

Homework

The school homework policy requires your child to complete the following activities at least 5 times each week (e.g. 5 x reading, 5 x spellings etc). Please tick the corresponding day and then sign the box at the end of the week.

	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Reading							
Phonics/Spelling							
Maths skills							
Parent signature					Teacher signature		

We will be monitoring this after the Christmas holidays and setting up a consequence system whereby those children who have completed the expected amount of homework will get some additional play, and those who have not completed a sufficient amount will have an opportunity to complete this in school. This is in line with other year groups within the school.

Please encourage your child to take responsibility for their homework and for getting their diaries signed off by an adult to confirm they have completed the expected amount of weekly homework.

We will be discussing this with the children during our first week back after the Christmas holidays and reminding them of our homework expectations. The additional learning that the children complete at home really does have an impact on their learning in school so we thank you for your continued support with this.

Kind regards

Year 3 team
