

Hampton Junior School

Library Opening!

Dear Parents and Carers

We are so pleased to announce that the school library is now open for the children at HJS! This will give the children a great opportunity to explore a range of books from different genres.

The classes have already started to visit the library this week, where they are enjoying a quiet time to read and take a book out if they wish to. Each class will be visiting the library at least once a week.

You will notice that your child may be bringing a library book home that they will enjoy alongside their Reading scheme book. They will still remain on the Reading scheme and change their Reading scheme book weekly.

A reminder that if the books are lost or damaged, there will need to be a payment to replace the book.

We are so excited to be able to continue and share our love of reading as a school and provide the children with access to this.

Thank you for your support

Miss Nabilah Mahmood and Ms Michelle Kennedy
Reading Leads
