

27th April 2022

Dear parents and carers,

We are very excited to announce that Hampton Infant School and Nursery are taking part in the Spark Book Awards this year!

Each year group will be reading a selection of four books in their classes during the next half term and discussing what they enjoyed about the books. The children will have the opportunity to watch online visits from each author to get to know them and find out more information about each book. They will then cast a vote for which book out of the four is their favourite.

There will then be an online awards ceremony at the end of June so the children can find out which book that they, along with other schools across Kingston and Richmond, have voted as the winner!

Please see the other side of this letter for information about the books in each category, in case you would like to purchase any of the books so your child can read them at home as well. Children are welcome to read the books in other categories too.

You can find out more about the awards by visiting the website <https://www.sparkbookawards.co.uk/home>

Happy reading!

Miss Dayton

Hampton Infant School & Nursery
